PRESENTS.....

TOOTHMAKER TIMES

"A newsletter to our customers letting you know more about us, our service and the products we offer."

Let Image produce the veneers you have been looking for with...

JPS Empress® Esthetic is a pressable ceramic with the fit of a pressed restoration and the esthetics of a layered restoration. This restoration is ideal for veneers, crowns, inlays and onlays. The JPS Empress® Esthetic gives you and your patients the characterization and life-like translucency you have been looking for.

- *True to Nature Esthetics*
- *Optimized Color and Clarity*
- *Homogeneous leucite crystal distribution allowing for:
Higher flexural strength and improved optical properties*
- *11 Ingot Shades including extended shades in the bleach range*

The JPS Empress® Esthetic does not replace Empress® 1, it enhances your practice with higher esthetics for your esthetically challenging and cosmetic makeover cases. Variolink® 11 is a compatible bonding agent for this restoration. We are also introducing Appeal™, the ultimate esthetic resin cement. Appeal is known for exceptional clean up, invisible shade blend and it's high bond strength. It is also compatible with the JPS Empress® Esthetic known as the "JPS Image Extreme".

TOOTHMAKER TIMES

Congratulations Amy, Aggie and Norm!

Norm, Aggie, Amy
Left to right

Amy Packer, our Senior Metal Fabrication Specialist, has recently passed the specialty crown & bridge/comprehensive written exam, and also the practical crown & bridge exam to complete her requirements for recognition as a certified dental technician and is now a CDT. Norm Hyduk Jr. our Fixed Technical Manager and Aggie Maurer our Esthetics Specialist have passed the written exams in ceramics and comprehensives and are planning to take the practical exam in December. Image Dental Arts strongly promotes education, we are very proud of their recent accomplishments.
